INTERPRETATION

What leadership should know

- Current state**
Active membership reached 525,382 as of July 2026, up 14,918 from the prior month.
- Primary driver**
July gains came from 21,844 acquired golfers and 4,934 recovered golfers, offset by 11,860 losses.
- Leadership implication**
The membership base is expanding, but 49,251 YTD acquisitions remain organic or unknown and require source accountability.

SOURCE	YTD MEMBERS	SHARE	EXECUTIVE NOTE
GHIN Trials	60,213	46.0%	Largest identified source.
Paid Media	21,567	16.5%	Approved paid media source.
Organic / Unknown	49,251	37.6%	Needs continued attribution cleanup.

EXECUTIVE TAKEAWAY

- GHIN Trials remain the largest identified acquisition source and should be monitored as a conversion engine.
- Paid Media is material but currently only covers the approved paid media attribution source.
- Organic / Unknown remains large enough to require continued attribution cleanup.

COHORT VIEW

Retention by Member Tenure

METRIC	VALUE	CONTEXT
Active Beyond 13 Months	69.2%	2022–2024 eligible cohorts
Active Beyond 25 Months	59.4%	2022–2023 eligible cohorts
Active Beyond 37 Months	40.5%	2022 eligible cohort

- EXECUTIVE TAKEAWAY
- Retention remains a meaningful counterweight to acquisition and should stay visible in the executive readout.
 - Recovery adds incremental lift to the active base and should reconcile to the dashboard recovery source.
 - Cohort health remains strongest in newer member years and should be watched as cohorts mature.

- EXECUTIVE TAKEAWAY
- GHIN Challenges show strong program growth from the first available snapshot to the latest snapshot.
 - Participation and ranked golfer rates provide a clearer engagement read than challenge counts alone.
 - Top AGA performance can help identify repeatable engagement patterns.

Opportunities, Concerns & Actions

A final page that turns dashboard movement into clear priorities, risks, and decisions for leadership.

OPPORTUNITIES

Where momentum can be extended

- 01 Trial conversion engine generated the largest identified acquisition contribution.
- 02 Membership momentum remains positive through the latest completed report month.
- 03 Engagement expansion creates a broader activation story beyond acquisition.

CONCERNS

Where leadership attention is needed

- 01 Organic / Unknown acquisition remains large and limits source accountability.
- 02 Paid Media timing and coverage must be kept explicit in the executive report.
- 03 Manual workstream commentary still requires owner validation before publication.

RECOMMENDED ACTIONS

Near-Term Decisions and Follow-Ups

PRIORITY	ACTION	OWNER	TIMING
1	Validate source attribution categories for the monthly executive report.	Analytics	Before final PDF
2	Confirm narrative commentary and leadership implications.	Leadership	Monthly review
3	Archive approved PDF and HTML snapshot for the report month.	Reporting	After approval

LEADERSHIP DECISION REQUIRED

Confirm which source categories and workstream decisions should be elevated into the monthly executive report archive.
